HOLOGRAPHY KITS

Product	Description	Box Weight (kg)	Price in EURO
Holography kit- ULT-08M-Red-preshifted (5 plates U-08-R-70 + 1 processing set)	Holography kit, containing 5 glass plates U-08-R-70 , 6,1x6,1cm + chemistry for processing 5 plates (safe developer for U08 + safe bleach for 5 plates).	0,5	65
Holography kit – ULT-08M-Blue Green (5 plates U-08-G + 1 processing set)	Holography kit, containing 5 glass plates U-08-G, 6,1x6,1cm + chemistry for processing 5 plates (safe developer for U08 + safe bleach for 5 plates).	0,5	65
Holography kit - ULT -25-DR-Ruby (5 plates U-25-DR-Ruby + 1 processing set)	Holography kit, containing 5 glass plates U-25-DR-Ruby , 6,1x6,1cm + chemistry for processing 5 plates (pulsed developer for U25 + safe bleach for 5 plates).	0,5	65
Holography kit -ULT-25-Blue Green (5 plates U-25-BG + 1 processing set)	Holography kit, containing 5 glass plates U-25-BG-Yag , 6,1x6,1cm + chemistry for processing 5 plates (pulsed developer for U25 + safe bleach for 5 plates).	0,5	65
Holography kit- ULT-08C-VICOL (5 plates U-08-VICOL + 1 processing set)	Holography kit, containing 5 glass plates U-08C-VICOL , 6,1x6,1cm + chemistry for processing 5 plates (safe developer for U08 + safe bleach for 5 plates).	0,5	78

SETS OF CHEMICALS

Product	Description	Box Weight (kg)	Price in EURO
Safe Developer for U08 and U15 - 1,2 liter	Concentrated for 1,2 liter (dilution 1:10) . Bottle of 120ml (1 liter for 24 4x5” plates) . Can be kept one year at room temperature.	0.25	22
Safe Developer for U08 and U15 – 5,5 liters	Concentrated for 5,5 liter (dilution 1:10) . Bottle of 550 ml (1 liter for 110 4x5” plates or 14 30x40cm) . Can be kept one year at room temperature.	1,0	69
Pulsed Developer for U25 – 1,0 liter	Bottle of 120ml concentrated for 1,0 liter. The dilluted developer can be re-used many times- to store in a special black accordeon bottle for developer. Can be stored one year in this bottle at room temperature.	0,25	22
Pulsed Developer for U25 – 5,0 liter	Bottle of 550 ml concentrated for 5,0 liter. The dilluted developer can be re-used many times- to store in a special black accordeon bottle for developer. Can be stored one year in this bottle at room temperature.	0,25	69
Safe Bleach – 1 L	Powder -Add 1liter water (for 100-4x5” or 12- 30x40cm minimum). Can be used one year minimum at room temperature.	0,1	24
Safe Bleach – 5 L	Powder -Add 5liters water (for 500-4x5” or 60- 30x40cm minimum). Can be used one year minimum at room temperature.	0,5	69
Safe pulsed Bleach	Powder -Add 1liter water (for 100-4x5” or 12- 30x40cm minimum). Can be kept one year at room temperature.	0,1	24
Kodak Photo-flo -30 ml		0,1	7
